June 2020 News Letter  
Hard to Find the Words**

Brother Knights,

I grew up in a very traditional and disciplined family, we learned at a young age that if we didn't have something good to say, then we shouldn't say it cause usually it meant we were going to be in trouble. This is probably something I should have learned as an adult as there's been many times that I should've kept my mouth shut.

I look back on the last few months, the Corona Virus stopped the nation and the world, and just as it seemed that the country and population was learning how to handle the fear of it and try to start life again. Now, our country is turned around again by the recent event of a man's life that was taken in a savage way.

It's hard to believe what's happening around the country now.

I was already at a point where I barely watched tv, barely listen to the radio while I'm driving because I don't want to hear all the negative remarks. I've never been one to sit with my phone in my hand or my lap top on my lap and read all of the bad things that are being said. Seems there are to many opinions and conspiracy theories now, and in the end all they do is create more division.

Not sure about you all, but I'm at the point where TV, News and Social Media serve only as a way to make people more upset.

I pray several times a day for all of it to stop, for people to demonstrate their anger in peaceful ways rather than violence, for people to understand there is still a virus that can be spread by virtue of this violence. I pray for those that feel they need to send negative messages. I really don't know what's going to make things change, but I ask for all of us as Knights and Catholic Men to speak of Peace and our Faith, I also ask that you ask those that you speak with to try and pass the same message. Please pray for all that are put in harms way to protect us, and especially pray for those that are demonstrating that they will stop doing what they are doing.

Thank You and God Bless,
