August 2020 News Letter**

Brother Knights,

Seems like we have more time to watch old movies during all of this mess. I recently watched an old movie called "Click" with Adam Sandler where he is given a remote control that he can use to fast forward through his life, but wouldn't let him rewind to fix some of his mistakes. I won't ruin the rest of the movie if you all want to watch it.

It made me think, how it would be if we could rewind this whole year and start fresh, knowing there was a virus that would stop the world well in advance, being able to stop a police man from a terrible act that has turned the country to hatred and violence, being able to stop those who feel history needs to be erased, and sadly those that feel Christianity is bad and are attacking those who publicly pray and our Churches.

Sadly, we can't, what's worst is do we really think if we fast forward that there is going to be a big change? That this pandemic will forever be gone? That hatred will stop, that society will stop thinking that those who believe in God, that aren't afraid to speak and show their love for their faith are not bad people?

I'm not sure how you all feel, but I truly am afraid and saddened at what people have become, I pray that those who have a platform will finally step up and say to please stop, that none of the actions being taken are going to solve problems, they only create more problems and also increase the division of what they belief is of right and wrongs.

Brothers we need to continue our prayers for an end to this hatred, for those who are suffering from the effects of violence, also pray for those that feel the need to post messages of all the bad being done. Pray for those that put themselves in harm's way to protect all of us, pray for teachers and student's as they will soon be together to teach and learn.

We shouldn't be afraid to use our platform to express how we feel about our beliefs. "Keep the Faith"

Thank You and God Bless,
